Comments: I want the Forest Service to say YES to the Pactola Reservoir-Rapid Creek Watershed Withdrawal.

I request that the Forest Service do an (EA) Environmental Assessment.

Additionally I implore a Finding of No Significant Impact (FONSI) when the EA has been completed.

It is vital that we protect land and water resources more than ever in order to keep water free of toxic pollutants that in turn affect the health of all living beings. This is why I support mineral withdrawal. It is high time we respect cultural values, and respect the sacred lands of the Lakota People, and preserve the site for recreation.
