Comments: We know a man who stole from his grandmother and his mother. He did many other things that have now landed him in prison for the rest of his life. We all take advantage of our Mother Earth, but that does not give us the right to abuse her, or to "steal" from her just to line your/other people's pockets. What say you? If this were for charity to feed starving children throughout the world, would that make it right? Well maybe. So what is the point? The love of money is the root of all evil and if this isn't for the love of money I don't know what is. Please do the right thing and I have to believe in your heart you know what that is. We are all petty thieves from our God given earth but there is no good reason to do what you are planning and hoping to do. Your constituents will appreciate you to do the right thing.
