Comments: I support the mineral withdrawal. I ask for the area to be expanded. I also ask for an environmental assessment.

As a lifelong South Dakotan, I spent my childhood along the Rapid Creek and near Pactola Lake. I learned to fish. I learned to appreciate the earth's beauty. This area is rich with recreation that attracts many to our state, resulting in tax dollars and jobs for our citizens. But also results in quality of life for those who live in the area. We must care for our natural resources. Earth and animals.
