Comments: I am strongly opposed to mining in the Pactola water shed area.

We live here and certainly don't want mining in our back yard.

No mining, no impact. This is a clean, beautiful area. Those are getting hard to come by.

The streams and creeks are crystal clear and full of life. It would be so sad to see our beautiful hills torn apart by mining.

There are already hundreds of miles of UTV roads that tear up the land.

We can't even go out our property to spray weeds from all the logging that has defaced the forested area where we live.

What would it look like after mining!!

The wildlife residents are running out of natural habitat as it is. Please push for no mining.

There must be other ways for the forest service to make money. Stop Biden's spending and get real about what made our country wonderful. Oh Geez. Please no mining!!!
