Comments: Sirs,

I write in opposition to the Pactola withdrawal.

Mining is very important to our society. We are so dependent on our adversaries for minerals now, what will it be like in 20 years? In my opinion, to withdraw large tracks of public lands for 20 years, particularly when it takes decades to develop a resource is very short-sighted and makes no sense.

I support responsible mineral exploration and development!

Thank you for your time and consideration.
