Comments: I support the Pactola area mineral withdrawal, and support expanding the area covered by the withdrawal to include all federal lands in the Black Hills. These are sacred lands, which nourish so many Native and non-Native communities downstream with clean water. We need to enter into a new understanding of relationships with the land, in which we preserve and protect and recognize our responsibility as stewards of the land. The land has given us so much, and continues to give these communities so much. Please honor this reciprocal relationship. The Black Hills must be preserved and pristine forever.
