Title:

Comments: Letter of support for the Locke Park Land Exchange.

#### Benefits of the Land Exchange

We believe the benefits of Rainbow Trail Lutheran Camp exchange can be focused upon the precedents in years of operation, testimonies of camp attendees, their families and faith communities it has served.

#### Benefits for the American people

We believe the benefits for the American people include periods of stability for attendees, their families, spiritual communities during these times of political chaos, conspiracy theories with morally and spiritually opportunities assuring current and future generations have future hope.

#### Benefits for Rainbow Trail

We believe the benefits for the Rainbow Trail is historical consistency in assuring the property continues to bring optimism for those served and those who will be served.

There is nothing more important than teaching truths balanced with periods of spiritual love and assurances that there is a master plan for those of faith.
