Comments: This is public land and should be shared by all user groups. Please dont allow special interest groups to influence decisions. We all pay taxes and all should be allowed to access this land. It's important to maintain shared access for generations so they may work together and understand that we all own a part of this great country and should work together to preserve and protect. It's ridiculous for someone to say they have more rights to recreate on the land than another. Doesn't matter if you are on foot, motorcycle, XC skis, snowshoes, horse, snowmobile, etc. Lets work together to share the trails.
