First name: Rusty

Last name: Turner

Organization:

Title:

Comments: On behalf of my Montana based company, Unmanned Aerial Services, and its employees, I will like to support the Stillwater mine's, east boulder tailing expansion which ensures the long term, responsible, production of platinum group elements from this mine. In addition to being a responsible miner, Stillwater mine has provided income to me and my employee's and their families through the service's of our company.
