Title:

Comments: good morning,

As an outdoor enthusiast and parent trying to raise young outdoor enthusiasts, I wanted to express my support the Sandwich Vegetation Management Project. We've spent many years in and around the Tamworth area and hope that some bird species will continue to call it home. The need for young and diverse habitat is critical. A big thank you to the White Mountain National Forest for your efforts to promote healthy forests and diverse habitat conditions for all wildlife. regards, Eric
