Comments: As a bird hunter/birder/conservationist/outdoor enthusiast, I support the Sandwich Vegetation Management Project and thank the White Mountain National Forest for your efforts to promote healthy forests and diverse habitat conditions for birds and wildlife.

I am an avid bird hunter, hiker and conservationist and have been for over 50 years. I am in support of this project and are so thankful for the WMNF and its efforts to make these forests healthy again for those animals that call it home.

Thank you,

Andy
