I'm writing to voice my anger at the complete lack of managing the grazing on OUR lands. Also to commend Melissa Shawcroft who has the integrity to stand up and plea for enforcement that has gone unchecked for years but ignored by the managing powers that be. I remind you that our tax dollars pay your salaries. We the people depend on you to manage lands properly. To follow the regulations and abide by them. This includes strict punishment and fines to those that illegally impact these lands. I've watched as our wildlife and lands parish further because of poor leadership. Round up the illegal cattle and sheep. instead of the wild horses!!! We need actual management but all I see is our tax dollars going to nothing but the destruction of our lands. We are vastly loosing our native plants and animals. Mellissa Shawcroft deserves a raise! She deserves a promotion! She is what the BLM stands for. WAKE UP and MANAGE!
