First name: Ronald

Last name: Varekamp

Organization:

Title:

Comments: The High Uintas Wilderness should be dedicated to its native wildlife.

Grazing by domestic sheep and cows compromises the High Uintas watersheds, fouls the lakes and streams.

Domestic sheep grazing is incompatible with recovering native bighorn sheep population.

Killing native predators to protect sheep or cows should be prohibited .

Please support the no grazing option as it is best for the wildlife, watersheds, recreation, and the Wilderness
