First name: Anthony

Last name: Cox

Organization: Sanders County Board of Commissioners

Title: Presiding Officer

Comments: The Sanders County Commissioners want to comment on the Kootenai National Forest Over-Snow Motorized Use Travel Plan. While we appreciate protecting big game winter habitat, we oppose closing off areas not used by wildlife, especially open high-country areas of deep snow traditionally used by snowmobilers. We have specific concerns about limited access in upper Dry Creek and the southeast side of Black Peak Trail. Please work with Montana FWP, our local Cabinet Ridge Riders, and other interested members of the public to come up with alternatives that everyone can live with.
