

Data Submitted (UTC 11): 8/22/2023 9:46:36 PM

First name: Sherrill

Last name: Futrell

Organization:

Title:

Comments: You are embarrassing yourselves. Grazing by domestic sheep and cows HAS NO BUSINESS in the High Uintas watersheds. Their excrement contaminates the water sources. Why on earth would a hiker in the wilderness want to smell it and walk in it? The HIGH UINTAS BELONG TO THE AMERICAN PEOPLE, NOT YOUR LIVESTOCK FRIENDS WHO WANT TO DESTROY THEM FOR MONEY.
