Title:

Comments: To all concerned:

I highly favor the full treatment and clean up proposed in this project. The Bitterroot has been negelected for decades and must be cleaned up.

Candidly, there is not enough proposed, much more needs to be done, but the proposal is very good and will go a long way to help clean up our forests, make the valley safer from wildfire and better the environment for us and the wildlife and earth in general.

This must be done!

Sincerely, Fred Thomas Montana State Senate Majority Leader, retired.
