Comments: I disapprove of this expansion!

Unless we are allowed to access the expansion for free I do not support the sell of public land to a private company! I have been paying for this land and do not find it acceptable to sell off. The Superior Hiking Trail is such an amazing trail I hate that this could potentially be sold off!

Lutsen makes enough money as is and with them buying other resorts they have more than enough land for everyone in the ski and snowboard industry to enjoy
