Last name: Goldman

Organization:

Title:

Comments: I strongly support Alternative 1, which has been designated as the Environmentally Preferred Alternative, and which would end domestic sheep grazing in the High Uintas. Please do the right thing and remove all the domestic sheep from the High Uintas. (And don't allow any domestic cattle in the High Uintas, either.) Let the flora and fauna recover ecologically and remain forever wild, and free from human exploitation. Thank you.
