Title:

Comments: My name is Al Meissner, and I'm the owner of Chinook Trail Farm in Wonalancet, NH.

I object to this proposed logging of the Sandwich Range as it is currently written. It seems incredibly vague, and seems to be missing some pretty important information that would be of concern to our community. My biggest concern is how this proposed logging will affect the local wildlife, the recreational hiking trails, and the surrounding communities.

The proposed access easement off of Ferncroft Road is also a concern of mine. Ferncroft Road in Albany, NH is a very quiet road with a long history of farming, and I believe I'm not alone in saying that we in this community are not looking forward to it becoming a daily route for logging trucks.

Please consider rewriting this proposal in a way that is more transparent, less vague, and gives clear and concise information as far as how this project will affect the local wildlife, our air quality, our local hiking trails, and what impact this will have on the communities that surround the Sandwich Range and call this beautiful natural environment home.

WE THE PEOPLE should have more of a say in this plan.
