Title:

Comments: As a frequent user of local hiking trails in the Tamworth and Sandwich area, I am vehemently opposed to the planned logging and burning operation in the Sandwich Range. I choose to live in this area for its beauty and access to pristine wilderness. Many others visit the area to enjoy the same. The Sandwich Range is a jewel that we must protect. Leaving it as undisturbed as possible is good for the local economy, good for the wildlife, and good for our climate. I implore you to adapt and downsize your plan to stay far away from hiking trails, and to make a smaller impact to our area's natural beauty. Thank you.
