Title:
Comments: As a resident of North Lincoln County for nearly 20 years, I've made friends in my community on every side of an issue, even the polarizing ones. My winter activities include nearly daily hiking with my dogs on USFS lands and horseback riding when the roads allow me to haul in. I don't snowmobile, as all my use is non-motorized. That said, no one invests more time in conservation and recreation in the Kootenai National Forest than snowmobilers like those who are members of the Ten Lakes Snowmobile Club. I urge you to listen to their concerns and incorporate them into any and all future plans.
