First name: Marilyn

Last name: Woodhouse

Organization:

Title:

Comments: I was devastated to learn about this plan. Our family has spent the summers here since the 1930s and has owned property here for seventy years..The area is a balm to the soul. Losing its recreational and spiritual beauty is a tragedy. I won't live to to see the desolation you create - and my grandchildren won't get to enjoy the trails I loved. It breaks my 92 yr old heart just thinking about it.
