Comments: I live in the Trail Creek area and frequent user on the Goose Creek Trail system. I believe the fire break/forest thinning would be a great benefit to the area. The National Forest between Goose Creek and Bear Canyon has an immense fuel load of dead and down timber; a fire break would give locals and firefighters time to respond and a location to focus their efforts.

As a resident who lives in immediate proximity and a regular user of the trail system, I offer my full support for the fire break and forest thinning project. Please let me know if I can be of any assistance.
