Comments: I think this master plan is a great idea. This will make BBMR a much more prominent summer and winter destination. I worry about about parking additional staff/customers as the capacity of the resort increases. I am sure the NEPA will look at the spotted owl, where concern is high. I am also very curious as to what a "Ski Bridge" is, I hope it will not impact traffic on the 2n10 specifically fire engine access and recreators in lifted vehicles.
