Comments: I am in support of the Flathead Fuel Break Project. I own property at Good Creek in Olney Mt. We recently had a larger fire (East Fork Fire) in the area. It could have easily come down the Good Creek drainage. For about a week I was not sure if the fire could be contained. I set up a fire pump and hoses at my property. Luckily there was some rain and more fire personnel and equipment. I support the Forest Service in conducting fuel reduction in the Good Creek drainage. Thank you.
