Comments: As a full time member of a community this proposal would affect I would ask you to reconsider expanding access to snowmachine users. I don't believe there is a need for this change and I don't think it benefits a majority of stakeholders (most notably the land itself).

If the USFS motto Caring for the Land and Serving People

holds true, this proposed change serves only a select group of people without providing any benefit to the land or any other user group.

I don't see how these changes I'm any way are "helping States and communities to wisely use the forests to promote rural economic development and a quality rural environment." (From the "What we believe" section of the USFS webpage.
