Title:

Comments: It should have never been closed in the first place. Ther has never been many elk in that area. The other side of osner lookout and the old cedars area. I first started going to fishlake in 1956 with my grandad we wentin on horses from ouser lookout I haven't missed very many years there are deer and moose around fishlake. I think the environment group should be banned from putting any more suggestion when they are lying
