Comments: The Montana Department of Transportation (MDT) staff has reviewed the USDA Notice regarding the Sula Fuels Break Project adjacent to roads in the Medicine Springs, Lairs Creek, Andrews Creek, Camp Creek, Lost Trail and Gibbison Pass near US-93 around Conner and Sula, MT. Based on the information provided it does not appear that MDT facilities will be impacted. However, if MDT facilities are to be impacted (i.e.: Traffic flow, travel way, and right-of-way), including any traffic control devices and signage on MDT right of way, please contact Steve Felix the MDT Missoula Maintenance Chief (406-523-5803, sfelix@mt.gov )
