Last name: Rutherford

Organization:

Title:

Comments: I noted that the "Recreation" section of the document says "Existing recreation in the project area and nearby include dispersed camping and kayaking at Elbow pond, snowmobiling on the Warren to Woodstock snowmobile trail."

I'd like to highlight a few other recreation activities in the affected area, which must be accommodated:

- 1) Hunting
- 2) Recreational/target shooting (in particular near the entrance to Elbow Pond)
- 3) Hiking (including the trails in/around Mt Cilley and the "lost" town of Peeling)

The project's impacts to these recreational activities must be documented/considered (in addition to camping, kayaking, and snowmobiling).
