Comments: So excited for Monarch Ski Resort to expand. It will bring much needed revenue to our town and greater recreational opportunities for everyone. Monarch is a great ski area, but needs more skiable terrain. No Name Basin is the answer!! The folks at Monarch have worked so hard engaging our community, expanding their facilities, and doing all the prerequisite work required to make this decade old dream finally come true. Salida and Chaffee County also need the economic boost!! Win win for all of us!!
