Title:

Comments: I do not believe this should be allowed, as tires have much more of an affect to the trail. vibrate soles are one, and horse hoofs are another. bike tires are a really big leap forward into trail damage. are bikes going to have to pay a user fee?? atv's do. I'd say no

as it starts to get excepted, it'll be all over wilderness. that is my biggest future concern.

thnx

gary
