Comments: 20 mph on a mountain bike? Are you nuts? That's ridiculously fast and dangerous. Enforcement is non-existent as it is for all of the rogue activities I see. And you're proposing to make this worse by adding motor cycles to our forest trails. Heck NO!

Can't ride the trail? Go for a hike! Better yet, work up to the challenge. If needed, find a friend with a horse. There are so many low impact ways to see the Forest without resorting to motorized monsters.

Want to know the difference between class 1, 2, and 3 electric motorcycles? A sticker! PLEASE, keep them on the many many miles of existing motorized trails and dirt roads in BTNF!
