Comments: Hello!

Please consider allowing e-bike access to all of these areas. To be totally honest with you I was against Ebies until I got on one myself and rode it. They allow the individual to keep up with more youthful riders, that they normally wouldn't be able to ride with. They are also a wonderful way I have getting out and enjoying nature when you might otherwise have health issues that would hold you back. Not to mention, the world of E., biking is expanding, and I would like to see our area, expand with this demand. They truly are a wonderful means of transportation, enjoyment, and health. Thank you for hearing what I had to say! I really hope you consider allowing the use of E bikes in all of these areas.

Kindly,

Christi Yannelli
