Title:

Comments: I am 72 years old. Myself and several of my friends, all-over 65, ride the bike trails in the Jackson/Teton area. We all ride E-bikes. We all ride at a pace rarely exceeding 15 miles per hour. Many in our group are ladies. We are all in favor of allowing e-bikes on existing trails. Due to our ages most of our bikes are equipped with a lever action accelerator as well as pedal assist. This allows us to start out on inclines and more rapidly cross intersections safely. We believe this class of bike should be allowed on trails for folks over 60 years it age. It is a safety issue for us.
