Title:

Comments: Good morning Bret. I'm writing you to let you know my thoughts on the TV show being filmed in lil Duncan.

There is a large portion of the community that rely on that area for deer and moose hunting as well as ducks. I feel that it will have a negative effect on the subsistence life style we rely upon as a community as well as the numerous individuals that troll and crab there.

I am opposed to the filming in that location at that time of year.

Thank you for your time

Stuart Eddy
