First name: Frank

Last name: Wantland

Organization:

Title:

Comments: Hello, my name is Frank. I am a resident here in Petersburg Alaska and I was wanting to show my support for the show scheduled to film in little Duncan bay. I believe that this has brought a lot of good business to this community. The production has a positive impact on local employment and working with local small business vendors when possible. My family, friends and myself are all benefiting from this opportunity.
