Comments: Hi Bret

I would like to give you my positive support for the film crew out in little duncan bay.

This time of the year has been a great economic burst for the hotel and employees.

I am able to work them 40 hrs a week through this winter because of the film crew.

BBC film has been very respectful and cooperative and I have enjoyed working with them.

If you have any questions or concern please feel free to contact me

Thanks so much for your time.
