Comments: Hi Bret
I would like to give you my positive support for the film crew out in little duncan bay.
This time of the year has been a great economic burst for the hotel and employees.
I am able to work them 40 hrs a week through this winter because of the film crew.
BBC film has been very respectful and cooperative and I have enjoyed working with them.
If you have any questions or concern please feel free to contact me
Thanks so much for your time.
Holly Childs
