Comments: Goodmorning Bret,

I'm hearing talk of a TV show being filmed in Duncan canal this fall. Throwing my 2 cents in I frequently hunt the area for deer and waterfowl and i know lots of other people that do the same. I would like to see this not happen as it sounds like there could be a pretty big impact on the area with the amount of cast members and support boats and im assuming a helicopter. Duncan canal provides for families of Petersburg who depend on that wild game to eat throughout the winter.

Thank you

Paul Dupree
