Comments: I would like express that we Ladd and Brenda Norheim are not in favor of using Little Duncan area or Duncan Canal for a reality TV show.

While this may beneficial for a few. We (most all of us) live here for a reason and that reason (subsistence life style/simple living) is why most outside interests are starting to flock to our area. We have/continue to give up more and more which will potentially change life in our community forever. Give a little, take alot.
