First name: Mike

Last name: Boggs

Organization:

Title:

Comments: hello my name is Mike Boggs, and I am in favor of the very temporary permit for filming in Little Duncan I lived in Petersburg and hunted and trapped for many years including in Little Duncan. In my eyes it was never a destination per se but just part of the beach you would travel to set your traps or look for deer or Bear . The way our economy is going I think it would be foolish to overlook an opportunity to bring money into our community. I know the discovery channel has ruined a lot of peoples taste , including my own , for the so-called Reality shows .given the timeslot that has been stated I do not foresee a huge interruption in local subsistence or core values.

Respectfully submitted

Mike Boggs
