Title:

Comments: I am a born and raised Coloradoan and I've seen how the influx of people to our beautiful state has been affecting it. Between the trash and poop bags on trails and the amount of people, our trails are being overrun which is putting a strain on resources. I grew up on the Western Slope and the San Juans hold a special place in my heart. As someone who regularly deals with permits here in the front range I've seen how it has cut down on certain things. I am all for permitting to be put into place for trails like Blue Lakes and Ice/Island Lakes.
