Title:

Comments: I am in support of the initial proposed action. I feel like this plan will be beneficial for all user groups In that the forest will be managed not closed down to recreationalists. I would like to see a high altitude staging area at the cinder shed, and on the scenic loop. The staging area at shady rest ballpark has become extremely crowded on peak weekends. I would like to see a separate staging area at the Shady rest rv dump area. Thank you for your consideration
