Comments: I am opposed to the Sandwich project. I am concerned about its impact on hiking trails in the area. I see at least three trails that I hike often that are within the proposed cut area. I am also concerned about skidder roads. Even if the trees will be selectively cut, there will have to be a road to get to them and get them out. I have seen some skidder roads that are quite wide and messy. This would certainly have a negative impact on the hiking experience out there. I urge you to reconsider this project. Thank you.
