First name: David

Last name: Riss

Organization:

Title:

Comments: We have lived on a 167 acre farm mainly surrounded by our forest for 40 years in Madison, NH. We manage our forest carefully with the help of a licensed forester. We keep our forestry plan up to date and current with best management practice including new research about the influences of climate change. We believe that this USFS project number 57392 needs updating and should be compliant with executive order number 14072 calling for the protection of old-growth and mature forests on federal public lands.

David Riss and Sophie E Bergmann Riss
