Comments: I am in support of requiring camping permits and day use permits at Blue lakes. the large amount of people visiting the lakes has had a huge environmental impact on this beautiful Colorado gem. I do think the FS should charge a permit fee to recoup the costs of any investment they make into repairing the many dispersed campsites and parking/bathrooms. We pay a fee for any other FS campground and this requires the user to have some skin in the game. A fee with a refund may be an incentive to cancel allowing other users to sign up if there is a cancellation. Otherwise, the initial user will just not show up.
