Comments: I am fundamentally opposed to the forest plan for cutting timber, without addressing all the concerns raised by the public regarding pollution, climate change, esthetics of the forest, recreational pursuits and beauty of the Sandwich Range as it currently exists. I own a significant piece of acreage in Nortg Sandwich that abuts National Forest land and was deeply involved in crafting the Sandwich Range Wilderness plan. I have regularly visited the area for the last 59 years and wish to continue to enjoy the environs in their current state. Please reconsider the plan. Thank you.
