Comments: Hello,

I support expanding the number of trails that Class 1 E-bikes are allowed on. I think a good middle ground to accommodate all user's needs is to allow e-bikes on the more remote less used non-motorized trails. Some of these types of trails need work and I'm sure the e-bike crowd would be eager to get out and help maintain these trails. I'm certainly interested in contributing to trail improvements.

Best regards,

Frank Trotter
