Comments: I am against the proposed use of ebikes on the BTNF and in the proposed areas, doesn't matter what 'class' they are in. They should be managed as motorcycles. It is an evolving technology and I feel the lines between bike and motorcycle will continue to be blurred over the course of the years, eventually there will be no difference. I have been biking the BTNF extensively since 1996 and do not want to see them on the BTNF where biking is allowed. Go earn it on an 'acoustic bike', not electric.
