Comments: I am against e-bikes on single track hiking trails. They are fine on the bike paths around town but I think they are too fast and heavy to be travelling through the woods where people are hiking. I've had close calls with them on the paths but I'm on my bike with a helmet on. I'd be really pissed if I get taken out by an out of control e-biker on a 50 lb. bike going 30 mph!
